

Learning from churches

KS3 Resources

Through our collaboration with Google Arts and Culture we are pleased to offer the following high quality digital resources to support online teaching.

Understanding church buildings

'How to 'Read' a Church' is a Google story enabling students to learn about the history and typical furnishings of the English parish church.

<https://artsandculture.google.com/exhibit/how-to-read-a-church/-wLCfGoQPqy0JA>

See below for some quiz questions that could be used to check students' participation and understanding.

Christian symbols and art

The 'Cambridge' collection contains high quality images from the Arts and Crafts inspired All Saints Church in Cambridge.

<https://artsandculture.google.com/search/asset/?p=the-churches-conservation-trust&em=m0978r&categoryId=place>

Students can use the gallery to identify symbols of the Trinity, the Resurrection and Mary, explain their ideas and perhaps carry out further research. This could be combined with exploring the 'Museum View' of All Saints which offers a virtual tour.

Women of Faith

The 'Window to Womanhood' in All Saints can be examined more closely in the final section of the story 'Legacy Makers and Boundary Breakers – Extraordinary women of historic churches'.

<https://artsandculture.google.com/exhibit/legacy-makers-and-boundary-breakers/0QJSfR42TX4ulw>

After learning about the four women in the Cambridge window, students' understanding could be checked with another quiz (see below) or they might carry out further research on another significant person of faith.

We are regularly updating our learning resources. If you would like to receive more information or have any questions for us please get in touch learning@thecct.org.uk
